

GYMFEST 2023

SATURDAY, JUNE 3rd!

WHO SHOULD ATTEND: All kids ages 3 and up currently registered in a gymnastics class.

GymFest gives our gymnasts the opportunity to showcase their skills for families and friends in a fun mock-meet style environment. During their regular class time, gymnasts will learn routines that fit their skill level for the show. On the day of the show, each student will be placed into a group of their same level, have a short warm-up, and each group will proceed to their starting event. The gymnasts will rotate throughout the gym to perform on each apparatus. Before awards the gymnasts will perform a group number that will be practiced outside of class time as one of the showcase rotations. This event is fun for the entire family and a great way to end the School Year.

Be sure to bring your cameras!
